

PALLET RETURN SYSTEM

PRS pool pallets and ownership

PRS Pooling organizes controlled reuse and shared use of PRS pallets throughout Europe. You can recognize PRS pallets by the green board edges and the clear markings on the center blocks 'Property PRS' like the example in the picture.

Free collection by PRS

PRS pallets remain property of PRS at all times, so you are not allowed to destroy, reuse or sell them.

We ask you to store these pallets separately - in stacks of 18 - until PRS organizes a collection of the PRS pallets.

Pooling Service Department

Our Pooling Service Department team will contact you to arrange free collections of all PRS pallets by our authorized transport partners. We also collect damaged PRS pallets.

You can always contact us:

E-mail: lt.prs.collect@prs-pooling.com

Phone: +48 22 104 31 16

Building TQ: 1st floor

Achtseweg Zuid 159-D

5651 GW Eindhoven, Netherlands

PRS Green Label

Cooperative pallet users can qualify for the PRS Green Label. Find out more at our [website](#).
